“more than you want”

landscape catalog

Şirvanlı Aluminum Casting was established in 1980 as a customer oriented company. To this day, customer needs and desires have always been the first priority and combined the sand casting, gravity casting, high pressure casting, heat treatment, machining, testing, assembly and welding processes under one roof with an All-in-One approach.

In this regard the first and only in Turkey.

Şirvanlı Group, with its 40 years of production and industry experience, has entered the lighting sector with its product range and brand based on decorative and modern outdoor lighting and fixtures and is advancing confidently to take its place among the world leaders in a short time. With many years of design experience, it designs interchangeable parts and offers endless options for customers. Thanks to its flexible production processes, the

Şirvanlı Group provides the customer with the quality and quantity flexibility required.
